§1110.1 Purpose and scope.

- (a) This part 1110:
- (1) Limits the entities required to provide certificates in accordance with section 14(a) of the Consumer Product Safety Act, as amended (CPSA), 15 U.S.C. 2063(a), to importers and U.S. domestic manufacturers;
- (2) Specifies the content, form, and availability requirements of the CPSA that must be met for a certificate to satisfy the certificate requirements of section 14(a); and
- (3) Specifies means by which an electronic certificate shall meet those requirements.

§ 1110.3

compliance with the Commission and/or the Commissioner of Customs.

§1110.3 Definitions.

The following definitions apply for purposes of this part 1110.

- (a) Electronic certificate means, for purposes of this part 1110, a set of information available in, and accessible by, electronic means that sets forth the information required by CPSA section 14(a) and section 14(g) and that meets the availability requirements of CPSA section 14(g)(3).
- (b) Unless otherwise stated, the definitions of section 3 of the CPSA and additional definitions in the Consumer Product Safety Improvement Act of 2008 (CPSIA), Pub. L. 110–314, apply for purposes of this part 1110.

§1110.5 Acceptable certificates.

A certificate that is in hard copy or electronic form and complies with all applicable requirements of this part 1110 meets the certificate requirements of section 14 of the CPSA. This does not relieve the importer or domestic manufacturer from the underlying statutory requirements concerning the supporting testing and/or other bases to support certification and issuance of certificates.

§ 1110.7 Who must certify and provide a certificate.

- (a) Imports. Except as otherwise provided in a specific standard, in the case of a product manufactured outside the United States, only the importer must certify in accordance with, and provide the certificate required by, CPSA section 14(a) as applicable, that the product or shipment in question complies with all applicable CPSA rules and all similar rules, bans, standards, and regulations applicable to the product or shipment under any other Act enforced by the Commission.
- (b) Domestic products. Except as otherwise provided in a specific standard, in the case of a product manufactured in the United States, only the manufacturer must certify in accordance with, and provide the certificate required by, CPSA section 14(a) as applicable, that the product or shipment in question complies with all applicable CPSA rules and all similar rules, bans,

standards, and regulations applicable to the product or shipment under any other Act enforced by the Commission.

- (c) Availability of certificates—(1) Imports. In the case of imports, the certificate required by CPSA section 14(a) must be available to the Commission from the importer as soon as the product or shipment itself is available for inspection in the United States.
- (2) Domestic products. In the case of domestic products, the certificate required by CPSA section 14(a) must be available to the Commission from the manufacturer prior to introduction of the product or shipment in question into domestic commerce.

§1110.9 Form of certificate.

As required by CPSA section 14(g)(2), the information on a hard copy or electronic certificate must be provided in English and may be provided in any other language.

§1110.11 Content of certificate.

As required by CPSA sections 14(a) and 14(g), a certificate must contain the following information:

- (a) Identification of the product covered by the certificate.
- (b) Citation to each CPSC product safety regulation or statutory requirement to which the product is being certified. Specifically, the certificate shall identify separately each applicable consumer product safety rule under the Consumer Product Safety Act and any similar rule, ban, standard or regulation under any other Act enforced by the Commission that is applicable to the product.
- (c) Identification of the importer or domestic manufacturer certifying compliance of the product, including the importer or domestic manufacturer's name, full mailing address, and telephone number.
- (d) Contact information for the individual maintaining records of test results, including the custodian's name, e-mail address, full mailing address, and telephone number. (CPSC suggests that each issuer maintain test records supporting the certification for at least three years as is currently required by certain consumer product specific CPSC standards, for example at 16 CFR 1508.10 for full-size baby cribs.)
